Hoedowner Tune of the Month: November 2016: Tetas Schottische (also known as "Military Schottische")

Composed in 1852 by William Rulison under the title: "Rochester Schottische," this is sometimes said to be the most popular schottische in the old time fiddle repertory. I used to hear it a lot among Oregon fiddlers, but not much any more. Too bad about that.

-Linda Danielson

"A violin invites you to sing, but a fiddle makes you want to dance!"
